

## MEDIA RELEASE

### **MDC welcomes Premier's announcement 21 July 2010**

Mildura Development Corporation (MDC) is delighted by today's announcement by Premier John Brumby of action on solar energy.

Mildura Development Corporation in conjunction with Mildura Rural City Council engaged Firestarter Communications in April 2010 to produce a case study and detailed report demonstrating benefits of Feed in Tariffs for large scale solar, which were presented to federal and state politicians.

MDC believes this will open doors within the state of Victoria for expansion of large scale solar power generation.

"Our ongoing contributions and support to the solar energy sector demonstrates the commitment of MDC to The Green Economy for our region", said Mr Dane Huxley, Chairman of Mildura Development Corporation.

Mr Huxley added "We have been working closely with industry leaders, while also lobbying government for change in policy for the renewable energy sector".

The media release from the Premier's office can be found at:
